[IBMA Office to Move to Berry Hill District in Nashville](#) ^[1]

IBMA will be moving its business office the last week of February 2013 to 608 W. Iris Drive, Nashville, TN 37204. Our telephone number and email addresses will remain the same. The new office is located in the Berry Hill business district, just less than four miles south of our current location on Music Row.

The new location is a bit smaller in square footage, but it offers exactly the right amount of offices and storage space our staff of four needs while also saving us quite a bit in rent. IBMA Executive Director Nancy Cardwell says. The building is in great condition. There's a front porch perfect for music, and a kitchen and conference room that will work well for small receptions. We're planning on hosting an open house for members in late February or early March, as soon as we're settled. We can't wait to show you IBMA's new home base!

Please update your files by March 1:
